Locals and Personals

Billy Green is as proud as a boy with a new toy now that he sports a new Sampson tractor. He gives promise of tearing up things in the near future.

Mrs. Hattie Kronberg and Mrs. Lillie Rosendorn of San Francisco, were the guests of their brother, Mr. Sol. Jacobs, for the holiday Tuesday. The party motored over to Los Gatos to enjoy part of the festivities.

Dick Knappen arrived from Bismarck N. D., Friday evening. He will live with his uncle and aunt, Mr. and Mrs. H. C. Smith, while attending the local high school where he enrolled Monday. Ever since leaving California several years ago he has longed to get back, and his brother, Jim, who is at Stanford, was the big pull that brought him here again.

Harold Willetts received his discharge from the navy last week and is rejoicing over the fact that he is again on "good old California soil." He hopes to secure a position in this vicinity so that he can continue his study of electrical engineering, which course he has been brushing up on while in the navy. He is surely looking the pink of condition, seems none the worse for his bit of service.

Registration of Minors

The last legislature passed an act requiring the enumeration of all males born on or after November 1, 1898, and all females born on or after November 1, 1901. This census, or enumeration, is to be taken during the month of November, 1919.

The person taking the census is appointed by the school authorities and is called a Registrar of Minors. It is the duty of this registrar to visit every house in the district and to gather the following information:

The name of the family; the nativity (country of birth) of the father, the mother, and the minor children; the sex of the minor children; the race; date of birth—month, date, year; the age at last birthday; the occupation, if the minor is working; the name of the school which the minor attends, if he is attending school; the name of the employer, if he is working; the address of the school, if he is attending a private school; the address of the employer, if he is working; the grade he is in in school; the statement as to whether the minor is crippled, blind, deaf or dumb.

The purpose is to assist in giving better educational opportunities to those who are employed, and also to those who, because of one or more of the afflictions mentioned above, are unable to secure an education in the regular schools provided for their more fortunate fellows.

By being prepared to give this information to the registrar when he or she calls, you will render a service to the school authorities, and at the same time make the work easier for the registrar. By speaking to your neighbors about this and asking them to comply with the request of the registrar for information, you will do a further service.

W. C. Bohnett, principal of the Grammar school, is registration clerk for the Campbell district.

Y. W. C. A. Drive

Y. W. C. A. drive in this part of the county in charge of Mrs. G. L. Parso, resulted as follows:

Campbell district	$205 25
Hamilton district	166 50
Cambrian district	64 00
Moreland district	3 00
Total	$438 75

Movies Benefit

The Movies Benefit show at the Grammar school auditorium Friday evening was well attended, considering the number of counter attractions being held in the community.

Three reels were shown, and during one intermission, music was furnished by Mr. Halamicek, violin; Mr. Kalas, cello, and Miss Kalas, piano. Miss Marion Duncan sang, accompanied by Emily Pannell Gard, during the other intermission.

The total receipts were $25, and the school feels much encouraged in its efforts. The new machine and extras will cost a little over $200. This will include a larger screen for the stage.

Principal Bohnett is planning another performance for Friday evening, November 21, which will also be in the nature of a Thanksgiving program. This will be given by the school children, and we will have our first opportunity to hear the new school band which Mr. Bohnett has recently organized. These entertainments are deserving of a liberal patronage, as all the proceeds will be used to pay for the new movie machine.

California Canneries to Enlarge Plant

According to plans now formulated, a Press representative was informed by manager Sol. Jacobs, the California Canneries Company plant at Campbell will be enlarged to almost double its size with an increased capacity of over 50-000 cans daily output. The frontage will be extended to 150 feet, with two stories, adding a receiving room, with ladies' rest room and storage room on second floor. The plant will be built around the boiler room and the water tanks moved back that the cannery may be extended back 240 feet. New machinery in the way of conveyors, automatic cookers and other facilities for increasing the capacity will be installed.

This work will be begun as soon as the tomato pack is finished, which will be about another week. This year's run has been very good and the company is much pleased with the outlook in this vicinity. Beginning on June 17, the plant has hardly lost a day of work, and is still going full blast. A large and well satisfied crew of workers has been given a long season. Mr. Jacobs will be here thruout the year to supervise the improvements.

The workers' camp, kindergarten and cafeteria will be erected on grounds apart from the cannery, but the location has not yet been decided on.

The company will also re-open its Napa plant next season, and Mr. Jacobs is looking forward to a prosperous year for all concerned.

Fourth Grade:—Elsie Merrill, Russell Honnold.

Fifth Grade:—Lucile Gard, Ruth Newton, Milton Wolfe.

Sixth Grade:—Harold Cramer, Russell Barnes.

Eighth Grade:—Betty Candee.

Saving the Trees

Frequent petitions are presented to the Highway Commission for permission to cut down the trees on the State Highway, where property owners allege the said trees shade their land, or cut off their view, etc. The Commission's policy, in such matters, is to consider the larger interests of the public and to preserve, not only the trees, but all other land marks that make the highways attractive and traveling a pleasure. Mr Henry Pankey, of Irving, Orange county, has recently been advised by the Commission that his petition to chop down certain eucalyptus trees in front of his property on the state highway is denied, for the reason that such trees are considered an enhancement of the beauty of the state highway, and their removal is contrary to the policy of the Commission to preserve shade and ornamental trees along the state highway.

Pop Corn

Pop Corn is less a food than a social agent. One doesn't eat pop corn because one is hungry; one eats it for the fun of the thing. The popping of corn is a noisy and cheerful process. The eating of the same is also noisy—cheerful, too, provided one's own jaws are producing a share of the noise. One can't pop popcorn and eat it without waking up the whole family; so, it being impossible to indulge in popcorn selfishly, we make the eating of it a social function—albeit a decidedly informal one, because of the clatter, and all the more fun for that.

The foregoing rambling remarks are by way of introducing the announcement that at Blaine's there is a huge bag of new-crop popcorn, a hundred and thirty-six pounds of it, enough to make good cheer for a whole lot of folks; and when we further announce that the price at the start is to be only fifteen cents a pound, there ought to be quite a scrambling in town to bring out the corn poppers.

Yes, this pop corn is the kind that really pops.

BOY SCOUTS

(Conducted by National Council of the Boy Scouts of America.)

CATHOLICS EXTEND SCOUTING

Upon the initiative of the National Catholic War council, the formation of the boy scout organizations in every Catholic parish throughout the United States will soon be under way. The council, which has been casting about for a solution of the problem of taking care of young boys and providing for them wholesome and profitable diversion, has decided that the boy scouts meet the requirements of the situation better than any other organization that could be devised, and an effort will be made to stimulate the enrollment of Catholic boys in it.

Contrary to the impression that has prevailed in some quarters, the boy scouts are not in any sense a religious or denominational organization. It happens that in most cases Protestants have been quick to take advantage of it, and Catholics have for some reason held aloof. Assurance is given by the officials of the council that there is no reason for this.

Through Michael J. Slattery, chairman of the committee on men's activities, the council has taken up the question with the national governing body of the boy scouts, and has been assured that Catholic boys will be placed on the same footing as any other boys, and that their interests will be safeguarded by Catholic representation on the various boards. No discrimination of any kind is made. A campaign for the extension of the organization among Catholic parishes will be undertaken under Mr. Slattery's direction.

It is evident, from what has already been done, that the idea has impressed many pastors very favorably. More than 400 inquiries have been received by the council, asking for information as to the methods of organization.

SCOUTS KILL OFF GOLF PEST.

After every other means to exterminate the beetles that had menaced the golf course of the Louisville Country club had failed, the boy scouts of the city were frantically appealed to.

"Everybody has fallen down on us," the khaki-clad boys were told, "and we're calling on you as a last resort."

The boys looked the situation over. They found that the beetles at the links had become so numerous during the past four years that they swarmed around like bees and threatened the very life of the course.

But that didn't faze the scouts a bit. They armed themselves with a bunch of small minnow nets and some used by entomologists, and then "went after 'em."

Result? Complete annihilation of the foe! Thousands of the pests were caught, killed, piled up into a mountain of "carcasses," and burned.

Incidentally, the golf authorities were tickled and showed their appreciation by giving the boys a spread of "chow" that would make a New York hotel look like a night-owl lunch-cart.

SCOUTS TO BAN NICKNAMES.

One branch of the government at Washington has instituted a campaign to discourage the use of nicknames for representatives of our allies.

Boys are the ones who most of all perpetuate the use of undignified appellations and the Boy Scouts of America are invited to put their active ban on them.

"The use of nicknames and names of derision as applied to the foreign-born in America is a considerable obstacle in the way of Americanization," says Commissioner of Education P. P. Claxton in a letter to Chief Scout Executive James E. West.

"So long as the foreign-born person feels that we do not respect him he does not want to join America, learn English or become a citizen. With the help of the Boy Scouts of America we believe the use of such nicknames can be eliminated to a very large extent."

THE RELIABLE SCOUT.

Here's to the steadfast, reliable scout,
The scout with the tongue that is true,
Who won't promise to do any more than he can,
But who'll do what he says he will do.

He may not be clever, he is often quite blunt,
Without either polish or air;
Yet though it's not in him to "put up a front,"
He is there when you need him, he's there.

So here's to the scout on whom one can rely,
And here's to his lasting success.
May his species continue, fore'er multiply,
And his shadow may it never grow less.
—Boys' Life.

Sacramento. — Governor Stephens has completed signing 3600 golden scrolls which will be given by the state to relatives of men and women of California who gave their lives in the world war.

DAY OF THANKS PROCLAIMED; PEACE RECOMPENSE, WILSON SAYS

Washington.—President Wilson has set aside Thursday, November 27, as Thanksgiving day, in a proclamation which said the country looked forward "with confidence to the dawn of an era where the sacrifices of the nations will find recompense in a world at peace."

The proclamation follows:

"By the President of the United States of America:

"A proclamation.

"The season of the year has again arrived when the people of the United States are accustomed to unite in giving thanks to Almighty God for the blessings which He has conferred upon our country during the 12 months that have passed. A year ago our people poured out their hearts in praise and thanksgiving that through divine aid the right was victorious and peace had come to the nations which had so courageously struggled in defense of human liberty and justice. Now that the stern task is ended and the fruits of achievement are ours we look forward with confidence to the dawn of an era where the sacrifices of the nations will find recompense in a world at peace.

"But to attain the consummation of the great work to which the American people devoted their manhood and the vast resources of their country they should, as they give thanks to God, reconsecrate themselves to these principles of right which triumphed through His merciful goodness. Our gratitude can find no more perfect expression than to bulwark with loyalty and patriotism those principles for which the free peoples of the earth fought and died.

"During the last year we have had much to make us grateful. In spite of the confusion in our economic life resulting from the war we have prospered. Our harvests have been plentiful and of our abundance we have been able to render succor to less favored nations. Our democracy remains unshaken in a world torn with political and social unrest. Our traditional ideals are still our guides in the path of progress and civilization.

"These great blessings, vouchsafed to us, for which we devoutly give thanks, should arouse us to a fuller sense of our duty to ourselves and to mankind to see to it that nothing we may do shall mar the completeness of the victory which we helped to win. No selfish purpose animated us in becoming participants in the world war, and with a like spirit of unselfishness we should strive to aid by our example and by our co-operation in realizing the enduring welfare of all peoples and in bringing into being a world ruled by friendship and goodwill.

"Therefore, I, Woodrow Wilson, President of the United States of America, hereby designate Thursday, the 27th day of November next, for observance as a day of thanksgiving and prayer by my fellow-countrymen, inviting them to cease on that day from their ordinary tasks and to unite in their homes and in their several places of worship in ascribing praise and thanksgiving to God, the Author of all blessings and the Master of our destinies.

"In witness whereof I have hereunto set my hand and caused the seal of the United States to be affixed.

"Done in the District of Columbia this fifth day of November, in the year of Our Lord, one thousand nine hundred and nineteen, and of the independence of the United States the one hundred and forty-fourth.

(Signed) "WOODROW WILSON.

(SEAL)

"By the President:

"Robert Lansing, Secretary of State."

Golden State News

TERSELY TOLD

Oakdale.—Oakdale is to have a post of the American Legion, veterans of the world war.

Visalia.—A suit to quiet title to five mining claims in the Cow Mountain mining district has been filed here by E. J. Garvin et al., against Walter Creeks et al.

Colusa.—The Colusa County Grand Jury has appointed Attorney Seth Millington, Jr., of this city to expert the books for the county this year.

Santa Ana.—Five shots were fired from ambush Tuesday night, October 28, at Fenezanio Chaires, an employe of the Santa Ana sugar factory.

Hanford.—An official inspection of the recently re-dedicated Delta View schoolhouse was conducted by Miss M. L. Richmond, county superintendent of schools, last week.

Sanger.—Library hall was almost packed to its capacity last week at the joint meeting of the Sanger Chamber of Commerce and the Sanger Farm Bureau in the interests of the Pine Flat dam project.

Modesto.—The Modesto high school board has applied to the State Board of Education for the establishment of classes in vocational agriculture in the Modesto school. These classes will be organized under the Smith-Hughes bill which provides for state and national aid for schools doing vocational work.

Meridian.—According to A. B. Jackson and George W. Cruzen, the harvest of 12,335 bags of rice from 210 acres near here has been completed. The average yield was 61 sacks to the acre and is considered almost double the average rice yield in this section of the state.

Santa Barbara.—A 60-foot section of a newly constructed hollow tile wall blew over and instantly killed Paul F. Deeben, a Sacramento carpenter, on the Limonero ranch. Deeben was the only member of the construction crew near when a heavy gust of wind toppled the big wall.

Redwood City.—William Haney was convicted of murder in the first degree for the death of Albert D. Reidinger, a San Francisco jitney driver, who died from the effects of an assault on the county road near Colma on May 30. The jury recommended a sentence of life imprisonment.

Modesto.—Permits have been issued to the Modesto Gas Company for the construction of $74,450 worth of new improvements, as follows: Gas building, $2000; gas holder, $27,000; boiler and accessories, $7750; gas generator, $9000; purification apparatus, $6000; accessory equipment, $1700, and water plant, $1000.

Visalia.—Alleging that his automobile was badly demolished and his wife, who was motoring with him, was severely injured, C. E. King has sued H. Adalian for a total of $1000 in the Tulare county superior court, $500 for the repair work on each of his two possessions—machine and companion—all as a result of a collision on the county highway several months ago in which he claims he was in no wise to blame.

San Francisco.—A call for the first Republican meeting in California preparatory for the presidential and congressional elections of 1920 to be held in San Francisco November 22, was sent out last week to leading Republicans throughout the state by Raymond Benjamin, Republican state chairman, and J. E. Olmstead, chairman of the First California district Republican congressional committee.

Petaluma.—At a meeting of the Board of Education authority was granted to the Petaluma Chapter of the Red Cross to have Miss Curtiss, public health nurse, visit the schools and examine the children to determine whether they need medical attention. The service of the nurse is primarily to prevent tuberculosis and to insure good health among children. Miss Curtiss is a registered nurse.

Santa Barbara.—Thanksgiving turkeys will reach new price levels this year, according to F. N. Gehl, a local dealer, who has flocks throughout the county. He says the removal of the coyote bounty in Santa Barbara county has resulted in the animals multiplying rapidly and declares they have lived mainly on turkeys. Gehl estimates the turkey supply at about one-half of normal.

Visalia.—Charles G. Bonner, doing business under the name of Bonner Packing Company, has brought civil action in the Tulare county Superior Court against Joseph Michalian for $10,900, alleging that the defendant has wrongfully come into the possession of forty tons of Muscat grapes, valued at $9600, and five tons of Thompson seedless raisin grapes, valued at $1300.

Redwood City.—Charging that her husband has abusive fits, during which he treats her very cruelly, Mrs. Margaret Botterell of San Carlos has started suit for divorce against Edmund A. Botterell, San Francisco insurance man. The Botterells formerly lived in Los Angeles. They have a small daughter. According to the complaint they were married in Kingman, Ariz., August 20, 1911, and were separated two years ago at San Carlos.

Del Rey.—At a joint meeting of the trustees of the Baptist and Methodist churches of this city, for the general discussion of the welfare of the churches, it was unanimously decided to recommend to each respective organization a united effort of both societies, looking forward to a federation of both churches for a period of one year. Morning and evening services are to be held alternately at both churches.

Clovis.—Concordia Chapter No. 320, O. E. S., elected officers last week, as follows: Mary Tyler was re-elected worthy matron for the second time; P. H. Benson, worthy patron; Maud Hart, associate matron; Marie Hart, secretary; Mary Harwell, treasurer; Lucy Benson, conductress; Elizabeth Hawkins, associate conductress. After the election the worthy matron, Mrs. Tyler, made a report on her recent visit to the grand chapter of the O. E. S.

Berkeley.—Protest against the proposed plan of the city of Berkeley to unite with San Francisco in the Hetch Hetchy water project was made to the city council by W. C. Le Hane of Modesto, speaking for the Modesto and Turlock irrigation districts. He said the farmers were prepared to spend $1,000,000 in fighting the issue and that the Raker bill provides the San Joaquin valley farmers shall have first call on the Hetch Hetchy water supply.

Vallejo.—Phillis Wagner, twenty-year-old Berkeley girl, who was reported missing since Sunday, when she left some companions with whom she was walking in Oakland, was found in a lodging house here. Her mother in Berkeley was notified. Miss Wagner said she came here to marry a sailor at the Mare Island navy yard, but did not disclose his name.

Modesto.—The P. Shafer Company recently announced that it sold the Tenth and I street corner of its two-story building to the Bank of Italy for $60,000. R. F. Davis, local manager of the bank, confirmed the purchase. There are 39 feet fronting on I street and 84 feet on Tenth, which includes the Shoemake offices and the Transfer agencies. The bank had an option under a two-year lease to buy the property. The option was closed recently and the sale completed. The price of nearly $1500 per front foot is the highest paid for Modesto property in some time.

Los Angeles.—A judgment for $500 was given James A. Murray, Eastern baseball umpire, in the superior court here in his suit against Thomas Kennedy, motion picture actor, for assault during the post-season series between St. Paul and Vernon baseball teams. Although Murray and Kennedy had agreed to a cash settlement, the umpire insisted that his suit should be filed in regular order and a judgment given, that he might go back East vindicated of any charge of rowdyism, which only a court judgment could do.

Turlock.—A map of the district covered by the proposed reconstruction and extension of the telephone system of Turlock was presented to the city trustees at their meeting last week and accepted by them. It indicated that wherever possible the poles would be put in the alleys, that the cable arrangement would be used to as great an extent as possible and that a tunnel would be employed to carry the wires under the Southern Pacific tracks which divide the town. It was said that work on the project would begin very soon.

Porterville.—Members of the Park

Modesto.—A net profit of $50,000 was made on 500 cars of fresh fruit shipped out of Modesto and Stanislaus county by G. O. Whitney and H. L. Wood, partners in the fruit buying business, according to an application for an injunction filed in the Superior Court here by Whitney against Wood for an accounting. Whitney claims in his complaint that he was to receive 25 per cent of the net profit of the business in 1919, when the partnership agreement was drawn up last May. Of the $12,500 Whitney claims he is entitled to, he has received $3915 only according to the complaint.

Turlock.—Three hundred high school students marched in procession through the principal streets of the town November 4, following a banner on which was inscribed the legend, "We Want a High School Now." It was by way of protest against the existing high school situation here, the erection of a much-needed new building having been blocked for the past four years by a factional quarrel over the location, the matter still being in court. The youngsters say they refuse to be longer defrauded of their rights and mean to keep after all concerned until they get their new school building.

Commission have filed with the City Council a report recommending an issue of $60,000 in bonds for construction of a Greek theater and a municipal memorial auditorium in Luther Burbank park, at the same time suggesting that the name of the park be changed to Murry park, in honor of George G. Murry, who gave the property to the city. City Engineer F. W. Pease has filed a report that $45,000 will be needed for the construction of new bridges over Porter slough, leading into the business district. It probably will be the purpose of the council to unite these proposals with a plan for permanent protective work on Tule river to guard this city and district from high water.

Weaverville.—A "cow case" that has attracted a good deal of attention in Trinity county since May, 1918, has been decided by Judge James W. Bartlett in the Superior Court. Down in the Mad river country, where H. J. Konnenberger staked out a valuable cow on the open range, some of J. D. Cobb's cattle came along and attacked the $150 cow and killed her. Kohnenberger sued Cobb in the township court and got judgment against him for $50. Cobb appealed to the Superior Court and there Judge Bartlett decided, after an expensive trial, that Kohnenberger should not receive any damage whatever. The decision is virtually to the effect that damages done to cattle by other cattle on unenclosed land are not actionable.

San Francisco.—Miss Elsie Chamblin, who for several years has been assistant auditor of the Hotel Bellevue, is to retire shortly, and it has just been learned among her friends that she is to become the bride of Archibald M. Alexander, Western manager for the Gorham Silver Company. The wedding date has been set for December 1. The honeymoon is to be passed in the East. Alexander has been in business in San Francisco for many years, and as manager of the silver company has been associated with the Nathan-Dohrmann Company, handling their hotel supply department. Miss Chamblin is an attractive young woman, with a large circle of friends, and is among the most popular of the office force of the Hotel Bellevue.

"Flu" Is Coming Back This Year, Warning of Surgeon General

"Will the 'flu' come back this year?"

This question, being asked by thousands of scientists and millions of laymen, is discussed by Surgeon General Blue of the public health service in an official bulletin, in which it is said that the plague probably will reappear but not be as severe as last winter.

"Probably, but by no means certainly, there will be a recurrence of the influenza epidemic this year," says General Blue.

"Indications are that, should it occur, it will not be as severe as the pandemic of the previous winter. City officials, state and city boards of health should be prepared for a recurrence. The fact that a previous attack brings immunity in a certain percentage of cases should allay fear on the part of those afflicted in last year's epidemic.

"Influenza is spread by direct and indirect contact. It is not yet certain that the germ has been isolated or discovered, and there is yet no positive preventive, except the enforcement of rigid rules of sanitation and the avoidance of personal contact.

"We may expect at least local recurrences in the near future, with an increase over the normal mortality from pneumonia for perhaps several years, and certainly we should be, as far as possible, prepared to meet them by previous organization of forces and measures for attempted prevention, treatment and scientific investigation.

"There should be no repetition of the extensive suffering and distress which accompanied last year's pandemic. The most promising way is 'preparedness.' And now is the time to prepare.

"No mention has been made of a cure. So far as the most careful scientific investigations have been able to determine, none has been discovered, and suggested remedies which gave most encouragement are even now in their experimental stage.

"Evidence collected during last winter's pandemic points strongly to infected eating and drinking utensils, especially in places where food and drink are sold to the public, as being one of the modes of transmission of this disease."

THE OPEN WINDOW

My tower was grimly builded,
With many a bolt and bar,
"And here," I thought, "I will keep my life
From the bitter world afar."

Dark and chill was the stony floor,
Where never a sunbeam lay,
And the mold crept up on the dreary wall,
With its ghost touch, day by day.

One morn, in my sullen musings,
A flutter and cry I heard;
And close at the rusty casement
There clung a frightened bird.

Then back I flung the shutter
That was never before undone,
And I kept till its wings were rested
The little weary one.

But in through the open window,
Which I had forgot to close,
There had burst a gush of sunshine
And a summer scent of rose.

For all the while I had burrowed
There in my dingy tower,
Lo! the bird had sung and the leaves had danced
From hour to sunny hour.

And such balm and warmth and beauty
Came drifting in since then,
That the window still stands open
And shall never be shut again.
—Edward Roland Sill.

SHANTUNG

Has 30,000,000 People; Size of Small State

If you wish to realize the blessings of your native land, where there is plenty of room and plenty to eat, go and look at the province of Shantung, writes Niksah.

Shantung has thirty million people, but it is no bigger than the state of Illinois. Not a scrap of anything is wasted in Shantung. The Chinese girls there weave the discarded queues of their brothers into the hair nets that American girls wear when they go motoring. The silk worm, which probably yields more wealth in proportion to what he eats than any other creature, is the most important domestic asset.

The great majority of the thirty million Chinese in Shantung just barely exist.

To add to the misery of this human mass, the ruthless Hwano-Ho river splits the province of Shantung with a yellow flood, which once a year rises over its banks, and kills and destroys. It is held back by dikes that tower above the homes of the poor, keeping them always in the shadow of death.

As everywhere else in the civilized world, an aristocracy, both oriental and European, sits on the shoulders of this impoverished yellow mass. Tsing-Tau the chief port, is a sort of Chinese Atlantic City full of splendid hotels and homes, rich and beautiful.

Nearly 7,000 Bison Are in Captivity, Records Show

The American bison has been saved. The species was threatened with destruction by wild game hunters. This has been prevented, says "Boys' Life," and there are now nearly 3,000 buffaloes in captivity and some seventy running wild in the United States, and over 3,000 in captivity and 500 in the wild state in Canada. Only a little over 1,000 head were known to be in existence when the protective movement started. Records show more than 900 calves born in 1917.

Spider Is Credited With Being Original Inventor of Familiar Diving Bell

It is said that the diving bell was invented by the spider; at least, that it was used by that insect long before hydraulic engineers made one for the same purpose.

The diving bell is a cup-shaped body, with an open end that is let into the water. The air is caught in the bell and keeps the water from rising beyond a certain level at any specified depth, permitting anyone inside to breathe.

The improvement of the diving bell known as the caisson is a huge pipe which has compartments, into which air is pumped from above. The spider's bell is filled more in this manner than in any other.

The spider's abdomen is so made that a bubble of air can be caught underneath it and carried into its structure. In this little water house the spider spends the winter and rears its young. The house also acts as a lair from which the spider, known as the naiad, can jump on unsuspecting prey.

Another peculiar thing about the naiads is that they never get wet. They have thousands of small hairs on their bodies which prevent the air from being washed off and which protect them.

Average Life of a Tank in Battle Was 47 Days, According to Figures

The average life of a tank in battle was forty-seven days, and nearly one-half of the American fleet of seventy-eight were put out of action the first day of the Argonne battle. Brig.-Gen. Samuel D. Rockenbach, tank corps commander, has disclosed these figures to the senate military committee in urging continued development of tanks, pointing out that damage to the tanks and casualties among the crews were light.

In August, 1917, he said, the United States had no tanks, but obtained 150 from the French in September. In the St. Mihiel fighting 417 French, British and American tanks took part. In the Argonne, while the American fleet of seventy-eight tanks was reduced to forty-eight the second day and to twenty-four ultimately, only six were hit by shells.

At one time plans were considered for equipping taxicabs with "tin covers," lacking tanks, General Rockenbach said, as it was known that the enemy would surrender when the fighting machines hove in sight, so great was the fear of tanks.

WISE MEN SAY—

That working will get you farther than whining.

That misery is rust on a mind that has stopped working.

That the smaller the mind, the longer it takes to make it up.

That he who lives without folly is not as wise as he imagines.

That the man who never does anything he doesn't like rarely likes anything he does.

That wit should be used as a shield for defense rather than as a sword to wound others.

Own Only Ground's Surface.

In Japan individuals own only the surface of the ground and its products, all mineral deposits being government property.

The PREMIER BURNER
MAKES ITS OWN GAS FROM KEROSENE (Common Coal Oil)

There are now more than twenty thousand Premier Burners in use. This is a very significant fact. You can't mistake the meaning—it's as plain as day. Obviously it means added comfort: no smoke—soot—or ashes. But its real significance lies deeper—**Economy Plus Luxury.** PREMIERS are selling faster and faster and faster: the demand proves its popularity.

Complete Outfits: **$12.50 for No. 6 and smaller stoves.**
$22.50 for No. 7 to No. 9 stoves.

KERR-O'SULLIVAN
Oil Investments of Unusual Merit

The enormous profit possibilities of our Texas oil investments are beyond conception.
We are offering the grand opportunity to those who are foresighted enough to make a good investment.
We are California men who have actually been in the big Texas oil fields and after a thorough investigation we do not hesitate to recommend the best there is in oil stock or oil leases to our clients.
It is possible for small investors to put 25 or 100 dollars in our investments and realize 500% and more on money invested in the course of a year, sometimes less.
We believe it to be the duty of every investor to investigate our wonderful investment opportunities and if satisfied, to put their money into our hands for quick profits. No wild-cat, gamble or promotion stock is handled through our office. We are men of experience and our knowledge of the Texas oil situation is your protection when investing in oil.

BOTTLES OF BOOZE BURIED AS BULBS BOON TO BURGLARS

Chicago.—In the first blush of excitement over reports that thirsty thieves were operating among the best cellars in Lake Forest, Mrs. C. Morse Ely, a society woman, didn't think of labeling her precious liquid possessions as "phonograph records" and storing them in the Victrola.

She had been planning a trip to the Orient in company with Mrs. William R. Odell, and was worried about the increasing difficulty of keeping her cellar under her house.

So she moved the jugs and bottles into the conservatory and buried them with the bulbed and potted plants.

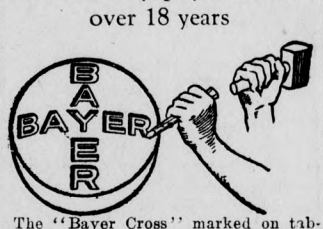
But the moral seems to be that caution doesn't count against the thirst and seizure.

Some "miners" entered the conservatory Tuesday, it was reported to the Lake Forrest police, and dug up the sunken garden. Most of the soil in the conservatory assayed about 8 per cent.

The uprooting of the root of all evil was thorough. But none of the geraniums were disturbed.

NAME "BAYER" MEANS ASPIRIN IS GENUINE

Prescribed by physicians for over 18 years



The "Bayer Cross" marked on tablets means you are getting the genuine "Bayer Tablets of Aspirin," proved safe by millions of people.

In the Bayer package are proper directions for Colds, Headache, Toothache, Earache, Neuralgia, Rheumatism, Lumbago, Sciatica, Neuritis and for Pain generally.

Handy tin boxes of 12 tablets cost only a few cents. Druggists also sell larger Bayer packages. Aspirin is the trade mark of Bayer Manufacture of Monoaceticacidester of Salicylicacid.

80,000 "REDS" RECRUITED IN PETROGRAD

Copenhagen.—The Bolshevists are reported to have recruited a force of 80,000 men from Petrograd alone in organizing the defense of that city. The troops include Bashkars (from the Indian frontier) and Chinese, the latter being men who had received training in China under retired officers from European armies.

Reds Claim Victories.

London.—A Russian Bolshevist communication received here reports the capture of Ishim, 75 miles north of Petropavlovsk.

His Advice.

Mudge—I'll take those pictures, if they are done.

Photographer—Yes, sir. You understand, of course, that we do not deliver pictures until they are paid for.

Mudge—What? Why, when I sat for them you told me I might pay whenever I chose.

Photographer—Yes; but that was merely to make you look pleasant.—Philadelphia Inquirer.

THIS WEAK, NERVOUS MOTHER

Tells How Lydia E. Pinkham's Vegetable Compound Restored Her Health.

Philadelphia, Pa.—"I was very weak, always tired, my back ached, and I felt sickly most of the time. I went to a doctor and he said I had nervous indigestion, which added to my weak condition kept me worrying most of the time—and he said if I could not stop that, I could not get well. I heard so much about Lydia E. Pinkham's Vegetable Compound my husband wanted me to try it. I took it for a week and felt a little better. I kept it up for three months, and I feel fine and can eat anything now without distress or nervousness."—Mrs. J. WORTHLINE, 2842 North Taylor St., Philadelphia Pa.

The majority of mothers nowadays overdo, there are so many demands upon their time and strength; the result is invariably a weakened, run-down, nervous condition with headaches, backache, irritability and depression—and soon more serious ailments develop. It is at such periods in life that Lydia E. Pinkham's Vegetable Compound will restore a normal healthy condition, as it did to Mrs. Worthline.

COTTON TO BE STORED FOR BENEFIT OF PROFITEERS

Columbia (S. C.).—Two million bales of good grade cotton will be retired from the market by the American Cotton Association to await a time when prices justify offering the cotton for sale, said a statement issued by J. S. Wannamaker, president of the association.

Santa Rosa.—With the purchase of 400 bales of 1919 hops from John Miller here Saturday, W. M. Richardson, a local buyer, virtually cleaned up the season's hop crop. During the season he has made a record purchase of approximately 9000 bales, for which he has paid nearly $1,500,000. The hops are for an Eastern concern and comprise the greater part of the 1919 crop in Sonoma county. There now remain only about 50 bales of this year's hops in the hands of growers of Sonoma county.

HAVE YOU A SWEETHEART,
Son or Brother in camp or training for defense? If so, mail him a package of Allen's Foot-Ease, the antiseptic Powder for Tired, Aching, Swollen Feet, and prevents blisters and sore spots. Makes walking easy. Sold everywhere, 25c—Adv.

Hope Abandoned.

"Conscription has, maybe, saved the country," growled the Tommie, "but what I object to is the company it drives a man into. I'm a plumber by trade and an honest workman, yet I'm compelled to suffer the society o' such professionals as a lawyer, a minister and an auctioneer."

"Not a bad selection at that, Bill," remarked his friend.

"Oh, maybe not in a way, but when the minister and the lawyer start an argument on Egyptian law in the middle of the night across a half-dozen beds, what chance has even a plumber of stoppin' the gas leak?—Minneapolis Tribune.

Laugh When People Step On Your Feet
Try this yourself then pass it along to others.
It works!

Ouch! ? ! ? ! ! This kind of rough talk will be heard less here in town if people troubled with corns will follow the simple advice of this Cincinnati authority, who claims that a few drops of a drug called freezone when applied to a tender, aching corn or hardened callus stops soreness at once, and soon the corn or callus dries up and lifts right off without pain.

He says freezone dries immediately and never inflames or even irritates the surrounding skin. A small bottle of freezone will cost very little at any drug store, but will positively remove every hard or soft corn or callus from one's feet. Millions of American women will welcome this announcement since the inauguration of the high heels. If your druggist doesn't have freezone tell him to order a small bottle for you!—Adv.

CALOMEL SELDOM SOLD HERE NOW

Nasty drug salivates, makes you sick and you lose a day's work.

Every druggist in town—your druggist and everybody's druggist has noticed a great falling off in the sale of calomel. They all give the same reason. Dodson's Liver Tone is taking its place.

"Calomel is dangerous and people know it, while Dodson's Liver Tone is perfectly safe and gives better results," said a prominent local druggist. Dodson's Liver Tone is personally guaranteed by every druggist who sells it. A large bottle costs but a few cents, and if it fails to give easy relief in every case of liver sluggishness and constipation, you have only to ask for your money back.

Dodson's Liver Tone is a pleasant-tasting, purely vegetable remedy, harmless to both children and adults. Take a spoonful at night and wake up feeling fine; no biliousness, sick headache, acid stomach or constipated bowels. It doesn't gripe or cause inconvenience all the next day like violent calomel. Take a dose of calomel today and tomorrow you will feel weak, sick and nauseated. Don't lose a day's work! Take Dodson's Liver Tone instead and feel fine, full of vigor and ambition.—Adv.

NOTICE OF ASSESSMENT

Santa Clara Valley Water Company, a Corporation, Northeast corner of Campbell Avenue and Central Avenue, in the town of Campbell, County of Santa Clara, State of California.

Notice is hereby given that at a meeting of the Directors held on the 6th day of Nov, 1919, an assessment of $982.00 or $1.00 per share was levied upon the subscribed capital stock of the corporation, payable on or before the 10th day of December, 1919, to the Secretary, B. P. Kennedy, at the office of the Company in Campbell, Cal. Any stock upon which this assessment shall remain unpaid on the 10th day of Dec., 1919, will be delinquent and advertised for sale at public auction, and unless payment is made before will be sold on the 27th day of December, 1919, to pay the delinquent assessment, together with the costs of advertising and expenses of sale.

Dated Campbell, California, November 6, 1919.

B. P. Kennedy, Sec. of the Santa Clara Valley Water Company.

GROUP INTERESTS MUST GIVE WAY - COUNCIL WARNS

War Unity of Producer, Distributer, Consumer Needed To Meet H. C. L.

Washington, D. C.—The United States Council of National Defense composed of the secretaries of war, the navy, the interior, agriculture, commerce and labor reiterated today a warning to the people of the United States of the necessity for increased economy and saving on the part of every citizen.

After outlining the causes of the high cost of living the statement of the council said:

"The entire nation—producer, distributer and consumer alike—should return to the unity that won the war. Group interest and undue personal gain must give way to the good of the whole nation if the situation is to be squarely met.

"Our common duty now, fully as much as in the war, is to work and to save. In the words of the President in his address to the country on August 25, 1919, only 'by increasing production, and by rigid economy and savings on the part of the people, can we hope for large decreases in the burdensome cost of living which now weighs us down.'"

The Federal Reserve Board, in its bulletin outlining the financial condition of the country just issued, says:

"That the high price levels which have been attained in the United States present a grave situation is clear from the attention which current discussion of the causes of industrial unrest is directing to the cost of living problem. So far as profiteering practices are responsible for price aggravations, some considerable mitigation of the cost of living situation may be expected and indeed is already in sight.

"The problem of reducing the high cost of living, however, is mainly that of restoring the purchasing power of the dollar. The dollar has lost its purchasing power because expansion of credit proceeded at a rate more rapid than the production and saving of goods. The way in must be the way out. As the way in was expansion of credit at a rate more rapid than the expansion of production and saving, the way out must be an increase in production and saving. The effect of increased saving will be a reduction in the volume of purchasing media in use, and by consequence, a reduction of prices also.

"That the expansion of credit has been a considerable factor in our financial and price situation is clear; that it is still a factor and one that calls for correction by the process of increasing production and savings and by the investment of the proceeds of savings in the absorption of government bonds is equally clear."

Several hundred women members of the Twentieth Century Club of Berkeley, California, have organized and are members of twenty-six War Savings societies.

W. C. T. U. Notes

Mrs. Sara J. Dorr, of San Francisco, president of the W. C. T. U. of California; Mrs. Addie Garwod Estes, of Stockton, vice president at large, and Mrs. Ina A Orvis, of Madera, treasurer, started for St. Louis Saturday, November 8, to attend the national W. C. T. U. convention which meets in that city November 15-20. Mrs. Anna Marden De Yo, of Oakland, state corresponding secretary, left Saturday, November 1, as she was to be the principal speaker at the state conventions of Nevada and Utah en route. Some of the other delegates are Dr Sara E. Wise, of San Francisco, Mrs. Anna A Beal, of San Jose, Mrs. E. Picou, of Ukiah, Mrs. Alice K. Murphy, of Lodi, Mrs. Louise James, of Petaluma and Mrs. Florence Eubanks, of Stockton.

Notice to Wreckers

Notice is hereby given that sealed proposals or bids will be received by the Board of Trustees of the Campbell Grammar School of Campbell, Santa Clara County, California, up to 6 o'clock p. m. of November 28, 1919, for the purchase of the old school building located on the school grounds at the corner of Rincon Avenue and Los Gatos-Santa Clara Road.

All bids must be for a net cash price for the building and the successful bidder shall remove the building from the grounds and level the ground where it stands now within 90 days after said bid is accepted.

The Board reserves the right to reject any and all bids.

All bids must be addressed to T. A. Robinson, clerk of the Board of School Trustees, Campbell, Cal.

By order of the Board of Trustees of Campbell School District.

T. A. ROBINSON, Clerk.

IT IS AN OFFENSE against the law and a menace to the safety of any town to park autos within 15 feet of a fire hydrant. This is common knowledge and in the larger cities much care is exercised to observe and enforce that law. Yet right here in this town some of our most law abiding citizens unwittingly park their machines wherever it is the most convenient at the time.

Locals and Personals

Mrs. Laura Foster and Mrs. Agnes Leigh have gone to Tucson, Arizona, to spend the winter.

Lost:—On Rincon avenue, the barrel of a Waterman fountain pen. Finder please return to Press office. 1x

Ed Bucknell is on the rural route from Campbell, substituting for Henry Young, who is enjoying a short vacation.

Mrs. Edna Kuder was confined to her bed for several days last week and this with a severe attack of the grippe.

Robt. Hamilton and Oliver Price went to Hernandez today on a quail hunt and a visit with Life who is there on his ranch.

C. E. York is finally located in Mrs. Ethel Davis' home on First street, she and her sons having moved to the C. H. Whitman home.

Mrs. Marcia Hall and daughters are now located in the Dewey apartments, where Mrs. Hall will have charge of the letting and caretaking.

Mrs. J. O. Duncan returned home from Ohio last week. She was accompanied by her brother, Mr. John Christman, who will be here for some time.

The Cambrian P. T. A. will meet this Friday afternoon at the school. The chairman of "Patriotism," Mrs. Gardner, will be in charge. Refreshments and music on the victrola will be enjoyed during the social hour.

The Christian Endeavor Society of the Congregational church will have one of its jolly socials in the church parlors Saturday evening, November 15th. All young people welcome. If you want a good time just come.

Basket Ball Game

Wednesday afternoon the Montezuma basket ball team was led to slaughter by the local quint. The teams were about evenly matched as to men and a fast but somewhat one sided game was played.

The lineup, including subs, was as follows: Campbell, Hoerler, A. Gross, Heinzen, Hulsman, Mrak and Gardner; Montezuma, Ure, Kgderbye, Smith, Fisher, Bancroft, Turner, Moss and Walker.

The score at the end of the first half was 47 to 5, in favour of Campbell. The final score was 76 to 21, the honors still held by the home team.

Purchase of Machine Authorized

At a called meeting of the officers and department chairmen of the Home and School Club Tuesday, the purchase of the moving picture machine used at the entertainment last Friday evening was authorized.

Personal investigation, and considerable correspondence, seemed to prove this the most desirable machine for the use of the school, and as it is the only machine of its type which the University of California recommends, it seemed to be the best buy.

Resolutions of Sympathy

Members of the Country Woman's Club wish to express with deep sympathy their sorrow at the passing of Mrs. Nannie Sykes.

We remember her faithfulness in her years of service for the best interests of the club.

During her many months of illness she surely displayed the Spartan spirit of bravery, and it is a comfort to know that at the last, she passed peacefully thru the gates of Light.

We know not how the sting is taken from death, but trustingly look forward, not backward, anticipating the happy reunion in the House of Many Mansions, where we shall see the King in His beauty, and only gladness shall reign.

That we may unitedly express our love and sympathy to her devoted daugher and other relatives, whose loss is so much greater than ours,

Be it resolved, That we tenderly commit them to the care of Him who said, "A bruised reed will I not break," and "What I do thou knowest not now, but thou shalt know hereafter."

Club's Appreciation Voiced

At the Pundita Circle, last week, Mrs. H. A. Watrous, as a token of the high esteem in which she is held by the members, was presented with a hammered silver bread tray and cold-meal fork. She made a very pleasing acceptance speech in the form of a review of the Club work, and how much she had enjoyed the association and work.

Mrs. H. W. Williams answered Mrs. Watrous in the recitation of a few original lines penned for the occasion:

Dear Friend:
Believe me, the words you so kindly have spoken
Cheer our hearts, yet they sadden as well,
For the loss to Pundita with our Circle broken
By your absence, we all know too well.

You have given the best of your time, art and wit,
All your cleverness, so unselfishly, too,
And we know no other can properly fit
The honored place made vacant by you.

You will still be admired wherever you go,
New friends you will draw at your will,
But of all the many who follow, we know
None can love you as we love you still.

So we're glad that you like our little love token,
Which expresses to you dear, what cannot be spoken,
For it is not the gift, but the love that it brings,
Which makes it one of the valuable things.

Interesting Discussion At Grange

Orchard City Grange held its usual meeting on Tuesday evening, and held an animated discussion anent the topic of agricultural production, which demands long hours to accomplish results, at present prices, as opposed to manufactured products, all of whose workers are demanding shorter hours and higher wages.

Another discussion of timely interest was in regard to spraying and irrigating.

The entertainment hour was devoted to patriotic numbers, as befitted the day, including appropriate songs, in which all participated, and readings by Mrs. Edna F. Keesling and Mrs. Jessie Shelly.

AMERICA'S UNIQUE PUBLICATION

The Youth's Companion prints week after week the best of everything that is worth while and for every age. No other source will give your family what The Companion furnishes, or so much for the price—less than 5 cents a week.

The Companion creates an atmosphere of loyalty to the family and to the country, of unselfishness and high purpose. It inspires, it suggests, but always entertains. It makes actual, normal life fascinating, and never panders to the trashy or worthless or worse.

No family should miss the pleasure of reading the delightful serial stories by Elsie Singmaster, Capt. Theodore G. Roberts, and others, to be published during the next year. If you subscribe at once you will receive all the extras mentioned in the following offer:

New subscribers for 1920 will receive:

1. The Youth's Companion—52 issues in 1920.
2. All remaining weekly 1919 issues.
3. The Companion Home Calendar for 1920.

All the above for $2.50.

4. McCall's Magazine for 1920, $1.00—the monthly fashion authority.

Both publications for only $2.95.
